### COMPANY BIO

Rihzyn, LLC is a professional services firm delivering tailored IT solutions to government and commercial clients. We specialize in systems design, software development, cybersecurity, and infrastructure support. Backed by deep contracting experience, we provide secure, scalable, and compliant services that drive digital transformation and support mission success. Our team's agility and commitment to excellence ensure every project is delivered with precision and purpose, and we build long-term partnerships by aligning technology strategies with our clients' goals and evolving needs.

### CORE COMPETENCIES

- Custom Software Development – Tailored application and system development to meet specific operational and mission-critical requirements.
- Systems Design & Integration – Architecture, implementation, and integration of complex IT systems across multi-platform environments.
- Cybersecurity & Risk Management – Comprehensive security assessments, threat mitigation strategies, and compliance with federal cybersecurity standards.
- IT Infrastructure Support & Maintenance – End-to-end support of networks, servers, and cloud environments to ensure high availability and performance.
- Help Desk & Technical Support Services – Tiered IT support operations providing responsive, reliable assistance for users and systems.
- Cloud Solutions & Migration – Secure cloud strategy, deployment, and migration services to modernize legacy systems and enhance scalability.
- Project Management & IT Consulting – Strategic guidance, planning, and execution of IT projects using industry best practices.

### DIFFERENTIATORS

- Tailored, Scalable Solutions – Custom-developed technologies designed to evolve with mission requirements and organizational growth.
- Security-First Approach – Cybersecurity is embedded in every solution, ensuring alignment with NIST, FISMA, and other federal security frameworks.
- Small Business Agility – Responsive, adaptive service delivery with a focus on client satisfaction and rapid implementation.
